"WATER ACT, 1909."

WHEREAS the Quesnelle Hydraulic Gold Mining Company, a company duly incorporated under the laws relating to private corporations of the State of Delaware, one of the United States of America, having its head office at the City of Dover, in the said State of Delaware, and duly licensed to transact business in the Province of British Columbia, and having its head office for the Province in the City of Vancouver, has petitioned under the provisions of the "Water Act, 1909," for a certificate in pursuance of the provisions of sections 85, 86, and 89 to enable the Company to engage in the undertaking and to construct the works mentioned hereafter at Swift River and Twenty-mile Creek, and lands and water adjacent thereto, situated in the Cariboo and Quesnel Mining Divisions in the Cariboo District, for the purposes of hydraulic mining according to the plans submitted; and

Whereas the Company has filed with the Lieutenant-Governor in Council the documents required under Part VI. of the said Act:

This is to certify that the undertaking, as submitted, has been approved by the Lieutenant-Governor in Council, and that the same is as follows:—

To divert 250 cubic feet of water per second from Swift River, the point of diversion being at the first gorge west of a large creek flowing at the southern end of Cariboo Mountain, provisionally identified as Porter Creek, the water to be returned to Twenty-mile Creek, a tributary of the Quesnel River, about twenty miles west of Quesnel Forks. The ditch line, of approximately nineteen miles in length, will be constructed across public lands.

The difference in altitude between the point of diversion and the point where the water is to be returned is approximately 1,000 feet. It is intended to store or divert the water by means of dams, ditches, wooden flumes, pipes, and natural water-courses.

It is proposed, and the Quesnelle Hydraulic Gold Mining Company is hereby permitted, to construct a reservoir at or near the point of diversion, to be formed by a dam across Swift River 50 feet in height, covering an area of Crown land of about 250 acres, more or less. The site of the reservoir, comprising an area of approximately 10 acres, will be acquired by purchase and mineral location. No lands belonging to private parties will be affected.

The said water will be used for hydraulic mining and power purposes in developing ten hydraulic mining leases, the property of the Company and situated at and adjacent to Twenty-mile Creek.

And this is further to certify that the amount of the capital of the Company is one million seven hundred and fifty thousand dollars, the whole of which capital is fully paid up.

That the time within which the said undertaking and works shall be commenced is fixed at two months from the date hereof, and the time by which the proposed undertaking shall be completed and in operation is fixed at two years from the date hereof.

That the locality, place, or district within which the corporate powers of the Company in respect of its undertaking and works are to be exercised may be described as follows: On and adjacent to Swift River and Twenty-mile Creek, in the Cariboo and Quesnel Mining Divisions in the District of Cariboo, Province of British Columbia.

Dated this 31st day of March, 1911.

DOMINION ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 11th day of March, 1911.

PRESENT:

HIS EXCELLENCY IN COUNCIL.

P. C. No. 417.

HIS Excellency in Council is pleased to order, and it is hereby ordered as follows:—

Sections 7 and 8 of the regulations for the disposal of petroleum and natural-gas rights, the property of the Crown, established by the Order in Council of the 11th day of March, 1910, are hereby rescinded, and the following substituted therefor:—

"7. Application for a location situated in unsurveyed territory shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The location must be rectangular in form, except where a boundary of a previously located tract is adopted, as common to both locations, the length not to exceed three times the breadth.

"The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

"(a.) That the location applied for has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square, and standing not less than four feet above the ground, such posts being numbered '1' and

'2' respectively. The distance between post No. '1' and post No. '2' shall not exceed 15,840 feet, and upon each post shall be inscribed the name of the locator and the date of the location. Upon post No. '1' there shall be written, in addition to the foregoing, the words 'initial post,' the approximate compass bearing of the post No. '2,' and a statement of the number of feet lying to the right and to the left of the line between post No. '1' and post No. '2.'

"Thus—(Initial post, direction of post No. '2' is feet lie to the right and feet to the left of the line between post No. '1' and post No. '2'.)

"When the tract which an applicant desires to lease has been located, he shall immediately mark the line between post No. '1' and post No. '2' so that it can be distinctly seen, in a timbered locality, by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

"(b.) All the particulars required to be inscribed on posts No. '1' and No. '2' shall be set out in the application, and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the location being shown definitely on the record of the Department.

"(c.) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply within thirty days from the date of such notice for a lease of the petroleum and natural-gas rights under the said location.

"(d.) The application shall be accompanied by evidence, supported by the affidavit of the locator, in due form, to show that the above requirements of the regulations have been fully complied with.

"8. In case the tract applied for is located in unsurveyed territory on the margin of a river or lake, it shall not include more than one mile in direct distance along such water-frontage, and shall extend back therefrom as far as may be necessary to include a total area of not more than 1,920 acres, the length of the location, however, not to exceed three miles. The tract shall be marked on the ground by two legal posts firmly fixed in the ground, one at each end of such front boundary. The posts shall be numbered '1' and '2' respectively. It shall not be lawful to move post No. '1,' but post No. '2' may be moved by a Dominion land surveyor if the distance between the posts exceeds the length prescribed by these regulations, but not otherwise. The side boundaries shall be parallel lines drawn from each end of the front boundary at right angles to the base-line of such river or lake, established or to be established by the Department. In the event of the base-line not being established, the side boundaries of the location shall be drawn at right angles to the general direction of the valley of the river or the margin of the lake. The required notice of application shall be posted conspicuously on the location near the margin of the lake or river on which it fronts.

"The boundaries of claims situated on the margin of a lake or river, and any disputes which may arise in connection therewith shall be subject to final adjustment by the Minister."

The regulations for the disposal of petroleum and natural-gas rights, the property of the Crown, as established by the Order in Council of the 11th March, 1910, are hereby extended and applied to lands included in the Railway Belt in the Province of British Columbia, and to lands situated within the tract containing three and one-half million (3,500,000) acres acquired by the Dominion Government from the Province of British Columbia and referred to in subsection (b) of Section 3 of "The Dominion Lands Act."
